

Jane Henney,  
I am writing in reference to docket  
99P-0033/CPI.

I urge you to put a stop to the practice of feeding dead and possibly diseased animals to other farm animals. Cows are not meat eaters and should not be forced to eat animals or to become cannibals.

The meat from any farm animal forced to exist on other animals may be deadly.

The ~~possibility~~ possibility of disease is very great. I was under the impression the FDA was to safeguard our food supply.

Please put an end to the practice of feeding dead animals to farm animals.

99P.0033

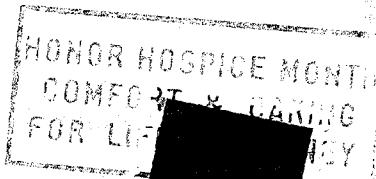

Please recognize the HFA's petition (Humane Farming Association) and implement it immediately

Thank you for your time and your assistance in this very important matter.

Sincerely  
Catherine Ramsey
